

EcoGun 249

Manual Air Spray Gun Pressure-Feed

Description

This ultra-light, perfectly balanced air spray gun with pressure paint feeding is particularly suitable for final coatings in the automotive industry, the refinishing market as well as in machining and wood working sectors. Special nozzle kits for abrasive materials such

as enamel and glazes make this **EcoGun** also the ideal choice for the ceramic industry. With its aluminum body and nickel-coated surface the **EcoGun 249** is robust, resistant to all mediums and ideal for daily use.

Customer Benefits
