

EcoGun2 AS AUTO

Automatic Air Spray Gun

Description

The **EcoGun2 AS AUTO** is an automatic air spray gun designed for the automotive industry, especially for coatings that require reproductive spray patterns. It is suitable for water and solvent based media and can be

installed on robots. As the atomizer part of the **EcoGun2 AS AUTO** is easily detachable from the body the maintenance time can be significantly reduced resulting in almost no production downtime.

Customer Benefits

- » Proven and established in the automotive industry
- » Easy to flush
- » Suitable for waterborne and solvent based media
- » Quick release
- » Index air cap for consistent reproduction of spray pattern
- » Independent fan, atomizing and triggering air
- » Suitable for robotic and machine application
- » Tested according to Dürr quality standards
- » ATEX Ex II 2G IIA T6 X

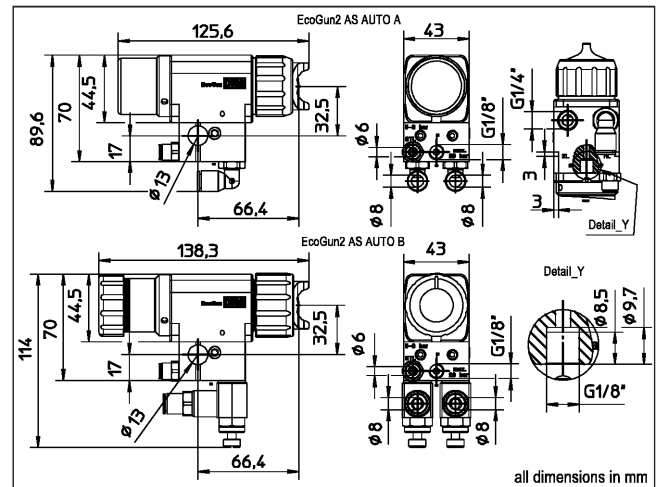

EcoGun2 AS AUTO N36210005V

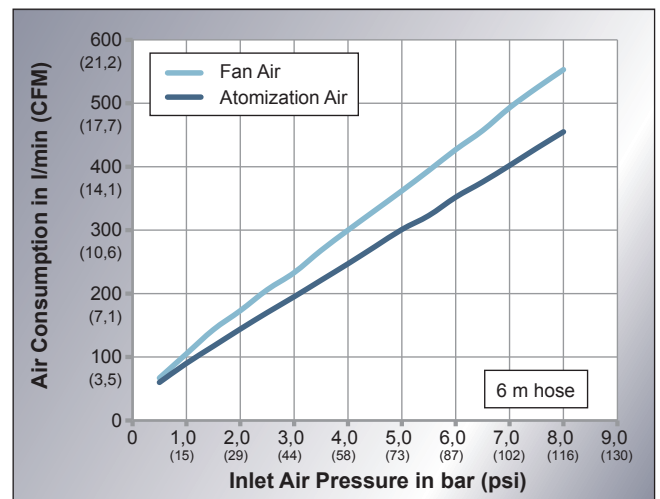

Specification

Weight	1.153 - 1.282 g
Material Gun Body	Stainless steel
Parts contacted by media	Stainless steel
Diameter Nozzles	1,1 / 1,4 mm
Connector Fluid	G 1/8"
Connector Air	Push-in 8mm
Connector Air, control	Push-in 6mm
Recom. Air Pressure	5,0 bar (73 psi)
Air Consump. @recom. Air Press min.	650 NI/min (22,9 sft ³ /m)
Air Consump. @recom. Air Press max.	750 NI/min (26,5 sft ³ /m)
Pilot Air Pressure max.	8,0 bar (116 psi)
Atomizing Air Press. max.	10,0 bar (145 psi)
Fluid Pressure max.	20,0 bar (290 psi)
Operating temperature min.	15 °C (59 °F)
Operating temperature max.	40 °C (104 °F)
ATEX Marking	Ex II 2G IIA T6 X
