

# EcoPump VP

## Pneumatic Vertical Piston Pump

### Description

The **EcoPump VP** is a pneumatically driven vertical piston pump for medium and high-pressure applications. Proven design and long term durability make these pumps a perfect choice for small and middle applications of paint, mastics and adhesives to furniture, steel structures or walls, car bodies and

other objects. The **EcoPump VP** is suitable for airless or air-assisted application and is available in numerous configurations with various air inlet modules, pressure relief valves, trolleys and adjacent devices.

### Customer Benefits

- » Balanced pressure variations
- » Wide range of accessories available
- » Tip cleaning aid (optional part of air inlet)
- » Material supplying parts in stainless steel
- » Suitable for airless and air assisted applications
- » Modular design
- » ATEX Ex II 2G IIA T6
